Good year for GSR Cocoa

GSR Cocoa Machinery in Italy also participated at Interpack and exhibited one of its latest presses: the 8/900. With a capacity up to 650kg/h it sits between larger systems produced by the company and GSR Cocoa's compact line.

GSR Cocoa says 2016 was an extremely positive year for the company, in which it increased its market presence, entered news market and increased its turnover. The company also hired a number of new staff.

"2016 and the beginning of 2017 have been extremely positive for us," said Luigi Turla, President of GSR Cocoa Machinery."

GSR Cocoa Machinery participated at Interpack and says demand for its equipment is growing steadily
